

In our apartment...

HOAS

Lives

Our shared living philosophy

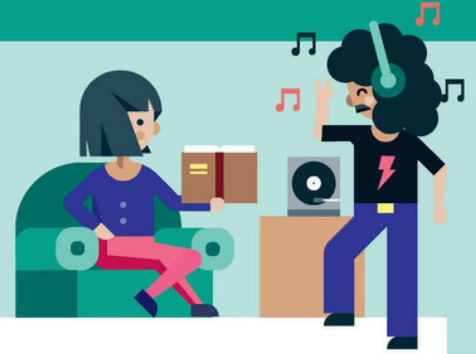

We clean

How often? Who cleans, and what?

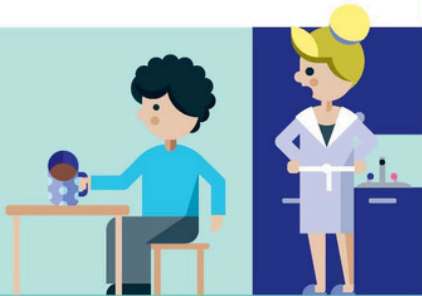

We keep quiet

When is the apartment quiet, so everyone gets to sleep?

Others can borrow

What is something everyone can use?

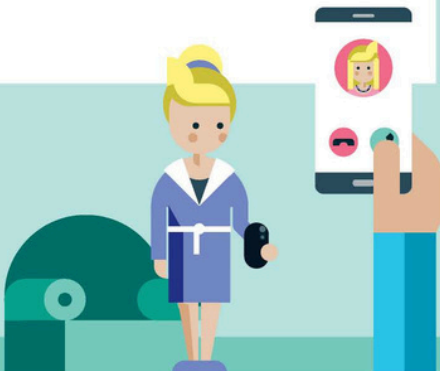

We let each other know about visitors

When, and how?

We talk

Do you have a channel where you chat?

Anything else?

Do you share any costs? What other things would you like roommates to know?
